Project Clarification Statement

WHOLISTIC HEALTH ORGANISATION is a special project initiated by GRACE SOCIETY a Benevolent Organisation of Noble Beings with Pure Hearts devoted to the Goodwill of Humanitarian and Environmental Projects that Create a **New Earth Paradigm of Peace and Prosperity.**

WRITTEN AND APPROVED BY:

Russell Paul Arthur

Overseer for GRACE SOCIETY.

GRACE Society hereby decrees our Goodwill and Intent to radically transform the Healthcare industry with our special project called the WHOLISTIC HEALTH ORGANISATION.

The Wholistic Health Organisation is a leading worldclass operation that provides Wholistic Health Solutions based-upon illness prevention and cure.

We are established to provide healthcare remedies that heal entire cultures from multi-generational traumas, dis-ease, and illness. Where exceptional health and welfare shall be the primary foundations of a vibrant and prosperous world.

We now outline some of key aims, functions, and benefits of the Wholistic Health Organisation.

Healthcare Training Universities

These are Land-Based and online Universities that teach syncretic expertise in optimal nutrition and lifestyle practices, naturopathy, behavioural psychology, energy healing, and natural/alternative medicines. Where we train a new industry of masterful and competent Wholistic Health Practitioners, that are certified to help prevent and cure dis-ease, using a wide-range of natural health solutions that deal with the root cause of illness.

Network of Advanced Healing Retreats

These Healing Retreats are for people with critical and chronic health issues that need emergency relief and care. We are providing in-patient facilities that offer a fully-immersive course of intensive detoxing and revitalisation protocols for the purpose of rapid healing and stabilisation. Where patients are equipped with the knowledge and skills to reintegrate back with society and maintain good health.

Network of Advanced Healthcare Centres

We are creating new healthcare centres positioned in local communities. These healthcare centres will provide healthcare education, assessments, diagnoses, and protocols that are focused on illness prevention and cure.

Grace Society does hereby declare the Wholistic Health Organisation will transform and upgrade the way we do Healthcare.

We aim to restore the health and welfare of the Living Men, Women, Boys and Girls of Earth.

We aim to provide solutions that facilitate a culture of psychological and physical vitality, strength, balance, and joy.

To all of Noble Beings that have examined your own conscience and the innermost depths of your soul – if you feel a Heartfelt calling that resonates with our project we extend to you an open invitation to join the Grace Society and become part of a world-class solution.

This project is our Divine Mission and therefore it is done.

**With the Official Seal of Grace Society we do
Sanction the Wholistic Health Organisation Project into Life.**
